WHS Robotics Team
 for a
**Drive-a-thon,
 Alumni Reunion &
 Robot Rodeo**
 December 15, 2018
 11 am

Drive-a-thon

Students, mentors and alums will divide into 3 member drive teams to see how many laps they can drive a robot around the course on the basketball court, including traversing obstacles during a 5 minute time period.

Pledges can be made for the number of laps completed by a drive team within the time limit or a lump sum donation made.

Robot Rodeo

Several team robots will be on display for family, friends and sponsors to view.

Why not give driving a robot a try too?

Alumni Reunion

Come catch up with your teammates

All are welcome!

Donations are not required.

*Any donations made will be
 graciously accepted by Team 2423.*
